

International School of Music

The International School of Music (ISM) provides exceptional musical training to persons of every age, ability and background in a nurturing and supportive environment. The school currently offers lessons in voice, piano, guitar, cello, violin, viola, drums, song-writing, composition, theory, clarinet, harp, oboe and flute. In addition to private lessons, the school offers class piano and early childhood music classes for children 18 months to 5 years old. These classes integrate music, movement, song, rhythm, and play, allowing children to explore the world of music in a creative and stimulating environment.

ISM's faculty consists of highly qualified and talented performers and teachers with worldwide concert and

pedagogical experience. Many of them hold masters and doctorate degrees from the most respected music conservatories and are dedicated and passionate about their art and teaching.

ISM classes are designed to meet the full spectrum of musical interests for the novice and the professional. ISM recognizes that many children and adults find music to be a stimulating, challenging and rewarding way to foster creative expression and promote personal enrichment. Our goal is for every student to find joy in music and reach his or her highest musical potential. We invite everyone to join our program, enhance his or her artistic creativity and connect with our community through the classes and performances we offer.
